

OSU Center for Automotive Research Tour

Wednesday, February 16

11:30 am - 1:00 pm

Box Lunch Provided

OSU CAR

930 Kinnear Road

Columbus, OH 43212

Free Lunch and Learn:

Join Clean Fuels Ohio to learn about the future of transportation at the Ohio State University Center for Automotive Research. A short lecture will be followed by a tour of the facility, where you will have a chance to see the record-setting Buckeye Bullet and other innovative student projects.

About Clean Fuels Ohio:

Clean Fuels Ohio is a statewide non-profit working to increase the use of cleaner domestic fuels, vehicles and energy saving transportation technologies in order to improve air quality and health, reduce climate change, support Ohio's economy and curb dependence on imported petroleum.
